World of Energy series wraps up

STEPHANIE JADRNICEK | THE JOURNAL

Jim Fitzgerald braces as he launches rockets from the lawn at Duke Energy's World of Energy on Wednesday. It was the last in the Wednesdays at the World of Energy series of events — a fun, educational program for kids ages 5-12. More than 100 children built their own rockets out of 2-liter bottles. To read more, turn to page **B1**.
