Boat crashes on Lake Keowee, Wednesday night

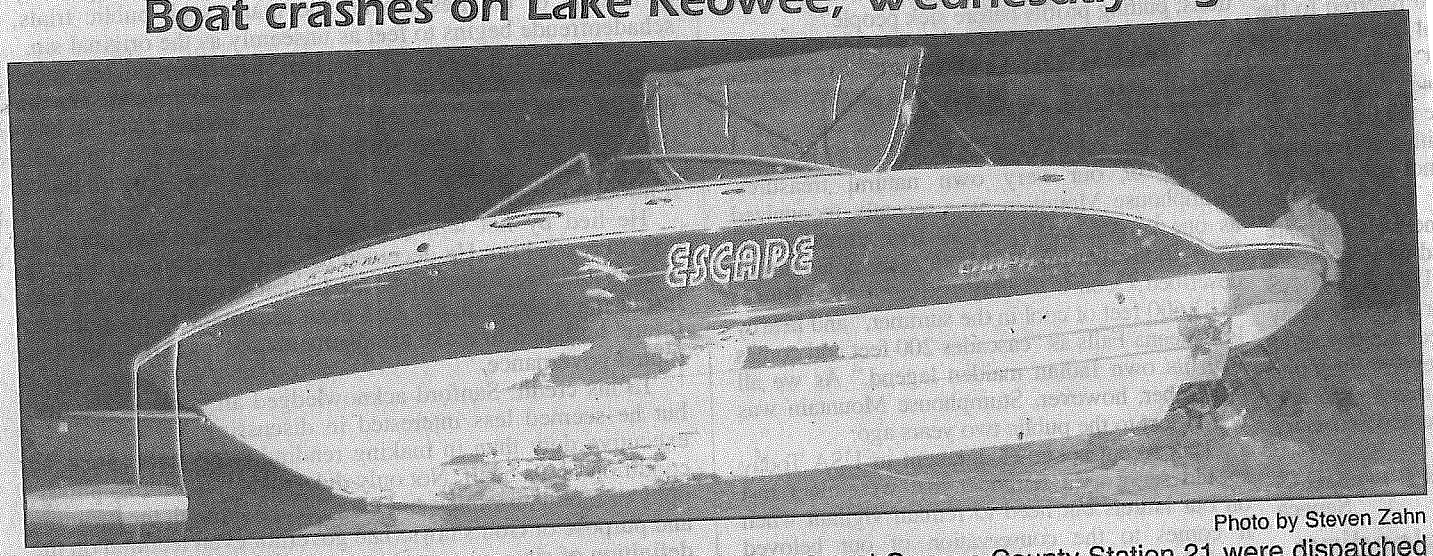

Photo by Steven Zahn

The Oconee County Dive Team, Oconee Medical Center EMS and Oconee County Station 21 were dispatched Wednesday night to assist the Keowee Key Fire Department and Rescue Squad in a boating accident on Lake Keowee, near Stamp Creek Landing. The boat was found on a peninsula, and it appeared the boat drove onto the shore at a high rate of speed, traveled over land for about 60 feet, before coming to rest at the edge of the water on the other side. The driver was taken to the boat ramp in a county rescue vehicle where he was transferred to an ambulance.
