Botanical Garden hosts textiles events

The S.C. Botanical Garden was the site of two recent special events on textiles. At the Hunt Cabin, the focus was on quilts from the 1800s, while Hanover House highlighted textiles from the 1700s. Jennifer Bausman, pictured, entertained visitors with stories and activities related to her treasured collection of quilts at the Hunt Cabin. The next events at Hunt Cabin will be Feb. 28, March 28, April 18 and April 25. There will be special displays and corresponding programs at Hanover House.
