CLEMSON — An initial offering of parking spaces in the downtown Clemson parking garage for the upcoming fall football season is now available on a first-come, first-served basis.

Only 35 spaces are available now, although more could open after July 1, if football fans who leased them last year don't renew, said Michelle Godfrey, administrative assistant with the city of Clemson. Anyone who leases a space has first right on renewal the following year.

Football season parking in the garage at 1 Keith St. includes a hang tag specific to a numbered space in the garage that will be valid for all seven home football games, Godfrey said.

Cost is $75 for Clemson residents and $100 for non-Clemson residents.

To lease a space or for more information, call Godfrey at 864-653-2030 or e-mail MGodfrey@cityofclemson.org. Application forms are also available online at www.cityofclemson.org.
