The Eagles will be taking it to the limit, or at least to the city limits of Greenville; the classic rock icons will perform at Bon Secours Wellness Arena July 12.

Tickets for the "History of the Eagles" tour are $65-$175, and go on sale at 10 a.m. March 20.

The summer tour, named for the 2013 documentary about the band, will spotlight many of the Eagles' best-known hits, which include songs like "Hotel California," "Take It Easy" and "Desperado."

The Eagles' "Their Greatest Hits 1971-1975" has sold 29 million copies and shares the No. 1 spot on the Recording Industry Association of America's list of the Top 100 Albums of All Time with Michael Jackson's "Thriller."
