Finding Oconee's falls

Spring is here, and so is hiking season. Want to find a nearby waterfall? There's an app for that. The Mountain Lakes Convention and Visitor's Bureau offers a free mobile app that guides hikers to 25 of Oconee County's magnificent waterfalls, including Opossum Creek Falls near Long Creek, pictured above. The app provides voice narration, images and GPS-enabled mapping to make the most out of any hiking adventure. The app can be found in the iTunes App Store and the Google Play Store.
