If you're looking for a boat ramp on Lake Keowee, there are probably about a dozen places to simply launch. However, if you need a full service gas station, restaurant, boat storage, and marine…you need to visit Lake Keowee Marina. The owner, Bart, is a great guy and has been a past employer of mine (while a college student). I worked at Lake Keowee Marina for about a year, during which time I was involved in a serious automobile accident. Bart and his wife allowed me to work in the store until I was cleared to resume physical labor. Never once was I questioned!

Several years later, I returned to Lake Keowee Marina as a customer. I used their boat ramp to launch my jetski, and always found it to be clear and easy to navigate. I once had a broken ankle, but didn't want to stop jetskiing. Walking down from my vehicle after launching the craft proved a little difficult, but one of the marina workers ran up to get my vehicle for me upon my return! There of course was no charge, this is just the kind of service offered at Lake Keowee Marina.

The restaurant on site is called the Tiki Hut, and is a fabulous place to eat lunch. After dinner, it turns into a very popular hangout and has live music nearly every night. The bartenders have all sorts of specialties and the view from the deck is amazing.

The marina also has any type of boat storage that you could possibly want, including house boat slips and dry storage. They also work on boats, so you can be assured that your craft will always be ready for use!

The workers at Lake Keowee Marina are mostly fairly young, as most of them are students from nearby Clemson University. However, they are trained very well and know that great customer service is expected. If you need a full service marina, Lake Keowee is actually your only choice. However, you'll go back repeatedly not because you need to…but because you want to!
