# Lake Keowee dock expansions need Duke Energy's OK

Willie,

Does the marina on Lake Keowee have any plans on extending their dock space? I had some friends over last Thursday afternoon on the boat and stopped by to get a cold drink and a sandwich and there was no dock space. We had to wait for a while and it was a Thursday afternoon, not even a weekend or summer.

**Willie says:**

**Any expansion of dock space on Lake Keowee is under the jurisdiction of Duke Energy. They would have to approve any expansion.**

Metro Graphics

Duke Energy must approve any expansion to docks at Lake Keowee, Willie says.
