## Lower mortgage rates — again

Mortgage buyer Freddie Mac said Thursday that the rate on the 30-year loan dropped to 3.36 percent. That's down from last week's rate of 3.40 percent, which was the lowest since long-term mortgages began in the 1950s.

The average on the 15-year fixed mortgage, a popular refinancing option, dipped to 2.69 percent, down from last week's record low of 2.73 percent.
