New development breaks ground at Lake Keowee

Staff Reports

Wednesday, January 15, 2014

A new lake front development on Lake Keowee breaks ground that will enable buyers a chance to build while still enjoying natural surroundings. Called The Oaks at Lake Keowee, the plans for this new subdivision include 29 lots available while leaving a large portion of the property undeveloped.

This development is part of a 64-acre tract located near Biggerstaff and Keowee School roads and is the first development on Lake Keowee in the last five years.

Plans are only to develop one third of the large piece of land, leaving 40 acres undeveloped. The Oaks at Lake Keowee will offer lake front lots only. For more information visit at www.luke@emupstate.com.
