

Six Mile park adds softball

Grants to pay for diamond, more parking spaces at Ponderosa Park

The town of Six Mile has some recreation im-

provements in the works including a new girls' softball field and more parking at Ponderosa Park.

Six Mile Mayor John

Wade said a softball field is being built at Ponderosa Park with, in round numbers, a \$28,000 grant from the state Department of Parks, Recreation and Tourism and an \$8,000 match from county recreation funds.

Wade said work has already started and the field could be ready by this fall.

He said the town also received about \$80,000 from C-Fund money that is being used to add about 60 parking spaces. They already have about 120 park-

greenvilleonline.com 3A

field

ing spaces at Ponderosa Park, he said.

Wade said construction on the parking should start soon and could take about a month.
