World of Energy to host second outdoor movie night

FOR THE JOURNAL

SENECA — The World of Energy at Oconee Nuclear Station will host its second outdoor movie night on the shores of Lake Keowee.

The popular summer event will feature Rio, the family-friendly movie about a domesticated macaw, who goes on an adventure to Rio de Janeiro with the bird of his dreams. The movie begins at 9 p.m. on Friday, Aug. 5. Guests can spread a blanket on The World of Energy's Lake Keowee peninsula or drop an anchor if watching by boat.

"We had hundreds attend our June movie and expect the audience to be even larger as word spreads about this unique event," Duke Energy spokesperson Addie Bradshaw said. "The lake and mountain scenery is really a great backdrop for an outdoor movie."

Gates open at 7:30 p.m., with the show beginning as soon as the sun sets. Free parking is available and golf carts will shuttle guests down a short access road to the movie location. Concessions will be sold onsite, with sales benefiting Keowee Boy Scout Troop 120. Alcoholic beverages and pets are prohibited.

For more information on "A Movie with the Stars," call (800) 777-1004 or visit www.duke-energy.com/worldofenergy. In the event the movie is cancelled due to bad weather, a notice will be posted at the same Web address the evening of the event. The World of Energy is at 7812 Rochester Highway in Seneca.
