Any Owner's waste is to be collected by any public or private garbage collection service, at Owner's expense, and such waste must be placed in moveable, covered containers and placed by the Owner at pickup points designated by Developer, only on scheduled pickup days.

3.14 Parking: No parking of vehicles shall inhibit traffic on subdivision streets and no parking shall occur on common areas or streets adjacent to Lots except temporary parking for purposes of loading and unloading.

The Developer shall have the unrestricted and sole rights and power of alienating, conveying and releasing the easements reserved under the terms of this paragraph to utility providers and other appropriate recipients. All such easements, including those designated on

the Plat, shall remain private easements and the sole and exclusive property of the Developer, its successors and assigns, unless conveyed and/or alienated to third parties for the purpose of providing utility services. Further, in this regard, Developer, for itself and its successors and assigns, reserves a perpetual, alienable and releasable easement over the property for access and installation and maintenance of the above referred to utilities to adjacent properties which Developer may currently own or acquire in the future.

3.17 Fences: No fence, wall, hedge or mass planting shall be erected, installed or permitted to remain in the Property without prior written approval of the Developer.

3.18 Exterior Lighting: All exterior lighting on any Lot shall be designed, erected, altered and maintained in accordance with plans and specifications approved by the Developer, which approval shall not be unreasonable withheld. Lighting shall be compatible and harmonious throughout the entire development and shall be in keeping with the exterior design of the building on the Lot in question. In this regard, such lighting shall be leased, at least initially, by Developer from Duke Power Company and each Owner of a Lot shall be responsible for payment of a pro rata share of the cost thereof, which sum shall be collected as part of the assessment provided in Article V hereof.

3.19 Maintenance of Improvements:

A. Each Owner of any Lot shall keep all improvements in a safe, clean, maintained, neat condition and shall comply in all respects with all governmental statutes, ordinances, regulations and health, police and fire requirements. Each such Owner shall remove at its own expense, on a regular basis, any rubbish or trash of any type which may accumulate on its Lot or adjacent common area. If any Owner shall fail to comply with this obligation, and shall fail to take corrective measures within thirty (30) days after receipt of a notice from Developer (or

Developer's successors) demanding that such measures be taken, then Developer or its successors shall have the right to exercise one or both of the following remedies:

(1) Undertake and complete the corrective measures at Developer's expense, in which event Owner must reimburse Developer for the actual costs plus a reasonable fee to performing such work; and/or

(2) Assess a monetary penalty against Owner in an amount to be determined by Developer.

All amounts charged to Owner under either of these remedies will constitute liens against the Owner's Lot, collectible and enforceable in accordance with Section 5.4 hereof.

B. All porches, patios, balconies and concrete or paved aprons on a Lot shall be kept in good repair and swept clean from dirt and silt.

C. No improvement on any Lot shall be permitted by the Owner of such Building Site to fall into disrepair, and each such improvement shall at all times be kept in good condition and repair, properly maintained and adequately painted or otherwise finished.

The easements created hereby include an easement for access and egress within the area shown as the road(s). These easements are granted in perpetuity, and shall be deemed to run with the land for the benefit of Developer and all Owners. Further, in the regard, Developer reserves for itself and its successors and assigns a perpetual, alienable and releasable easement over the Property for access, ingress and egress, and installation and maintenance of utilities, including sewer lines and related equipment, to adjacent properties which Developer may currently own or hereafter acquire in the future.

## ARTICLE VI

Every entity which submits plans to the Developer for approval agrees by submission of such plans, and every Owner of any Lot agrees by acquiring title thereof or interest therein, that is will not bring any action or suit against the Developer to recover any such damages or any other relief based upon the aforesaid causes.

6.5 Variances. The Developer, and its successors and assigns, are hereby authorized and empowered to grant reasonable variances from the provisions of these Restrictive Covenants and Easements in order to overcome practical difficulties and unnecessary hardships in the application of these provisions; provided, however, that such variances shall be reasonably consistent with the purposes hereof and shall not materially adversely affect any existing improvements on the Property. The variance granted pursuant to the authority granted herein shall constitute a waiver of provisions of these Restrictive Covenants and Easements by all Owners of Lots, and all Owners hereby irrevocably and unconditionally appoint the Developer,

its successors and assigns, as their true and lawful attorney-in-fact for the limited purpose of consenting to the aforesaid variances.

## ARTICLE VII
