SALEM — The Keowee Key Tennis Association (KKTA) hosted the Clemson University varsity women's and men's tennis teams Friday for some tennis play.

The communitywide event celebrated Keowee Key's 50th anniversary and brought in a crowd of about 180 people.

Twenty-four members of the tennis association and 24 Clemson players and coaches paired up and played a set, KKTA vice president Jim Wood said.

Four Clemson men also paired up with four Clemson women for mixed doubles exhibition matches.

"All in attendance were in awe of the level of talent of these athletes that you truly appreciate when you are watching from such a close position," Wood said.
